If you have not registered an account with HealthEZ yet, enter in your credentials, choose a password, and click "Activate Your Account".

Dependents over the age of 19 can create their own myHealthEZ account to manage their plan and request replacement ID card or download their ID card directly to their own devices.

Seamless online payments

EZpay is HealthEZ's online payment system that allows you to easily and quickly pay your portion of medical bills with your payment of choice, including credit and debit cards, and HSA accounts.

After you set up EZpay, every time we process a bill of yours, we will send you an email asking you to approve the payment for the amount due.

EZpay will pay the bill by default if you do not respond to the email in:

- 2 business days for bills under \$250
- 5 business days for bills over \$250

EZpay will combine your payment with payment from your health insurance so that we pay your healthcare provider in full.

One simple statement

We consolidate all of your monthly healthcare expenses into one simple statement. This statement eliminates confusion and provides information about year-to-date deductible and out-of-pocket maximums, and itemized transactions during the current billing period.

Medical ID cards

If you are new to the HealthEZ plan, keep an eye out for your medical ID card. Once you receive that, you can setup your myHealthEZ account.

If you are a current HealthEZ member, please note that you will be receiving a new medical ID card after open enrollment has closed.

If you need a replacement card, log into to your myHealthEZ account and request a new card be printed and mailed, or download a digital copy directly to your device!

Dependents over the age of 19 can create their own myHealthEZ account to manage their plan and request a replacement ID card or download their ID card directly to their own devices.

Your medical network is America's PPO.

What is a medical network?

Your medical network is a group of healthcare providers. It includes doctors, specialists, hospitals, surgical centers and other facilities. These healthcare providers offer services at a lower rate than out-of-network providers, which you will see reflected on your statements as a discount.

What if I go outside of my medical network?

There may be times when you decide to visit a doctor or clinic that is out-of-network. The costs for these visits and services will always be higher than seeing doctors that are in-network. You will be responsible for paying the difference between the provider's full charge and the amount your health insurance plan pays. This is called balance billing.

How do I know if my provider is in-network?

Please visit RevoHealthBenefits.com, and click "Find a Doctor."

Mayo Health Systems is referral ONLY through HealthEZ Care Management.

Your Pharmacy Benefit Manager is CVS Caremark.

What is a Pharmacy Benefit Manager?

Pharmacy Benefit Managers (PBMs) reduce prescription drug costs and improve convenience and safety for consumers. Your PBM administers your prescription drug plan and offers a network of pharmacies that offer more affordable medications.

What is Mail Order?

If you take maintenance medications for long-term conditions like arthritis, asthma, diabetes, high blood pressure or high cholesterol you could save money with CVS Caremark's mail service pharmacy. Visit RevoHealthBenefits.com for more information on how to get started and to download the CVS Caremark mail service forms.

What is Step Therapy and Prior Authorization?

Step Therapy is a program that requires members to initially try preferred, medically proven and less expensive prescription drugs before "stepping up" to more expensive drugs.

Prior Authorizations promote the use of safe, effective and reasonably-priced drug therapy. Your healthcare provider is required to provide medical information to determine coverage.

For questions on Step Therapy or your Prior Authorization, contact CVS Caremark at 866-818-6911.

What are Generic drugs?

Generic drugs are copies of brand-name drugs and are the same as those brand-name drugs in dosage form, safety, strength, route of administration, quality, performance characteristics and intended use. Although generic drugs are chemically identical to their branded counterparts, they are typically sold at substantial discounts from the branded price. To find out if there is a generic equivalent for your brand-name drug, talk to your doctor or visit Caremark.com.

CVS Caremark Member Portal

Your member portal is a great resource for tools - such as a pharmacy locator, drug price check, formulary list, and more. Your custom member page is tailored to the specifics of your prescription benefit plan. To get the most out of your prescription benefit, visit Caremark.com.

Maternity support

Our Boost Your Baby program matches moms-to-be with a Mommy Mentor to support a healthy pregnancy. It's a non-clinical support system for future moms to use throughout their pregnancy. We promise to: provide good and honest information, be supportive when you need us, make life easy and simple (at least the parts we can), and respect mom & dad's wishes.

Benefits of program include monthly support from a mommy mentor, free breast pump and gifts, nurses available 24/7 for any medical advice or high risk care, and miscarriage support.

Visit boostyourbaby.com, or call 800-808-4848 to learn more.

Care management

If you need a medical service like a surgery or hospital stay or your doctor diagnoses you with a complex medical condition, a HealthEZ nurse may contact you. The nurse will help you understand your treatment options, coordinate services among your doctors and ensure you have everything you need for a quick recovery and are receiving the right care in the right setting.

We provide tips to members living with chronic health conditions, like diabetes, hypertension and high cholesterol. We can also provide these members with referrals to healthcare providers. Our team of doctors and nurses believe that the key to lasting change is partnering with you to offer realistic advice and support.

Health Savings Account

A Health Savings Account (HSA) is a type of savings account that lets you set aside money on a pre-tax basis to pay for qualified medical expenses.

By using untaxed dollars in an HSA, you may be able to lower your overall health care costs.

This account belongs to you, regardless if your employment or medical coverage changed. Funds in this account can grow tax free and rollover from year to year.

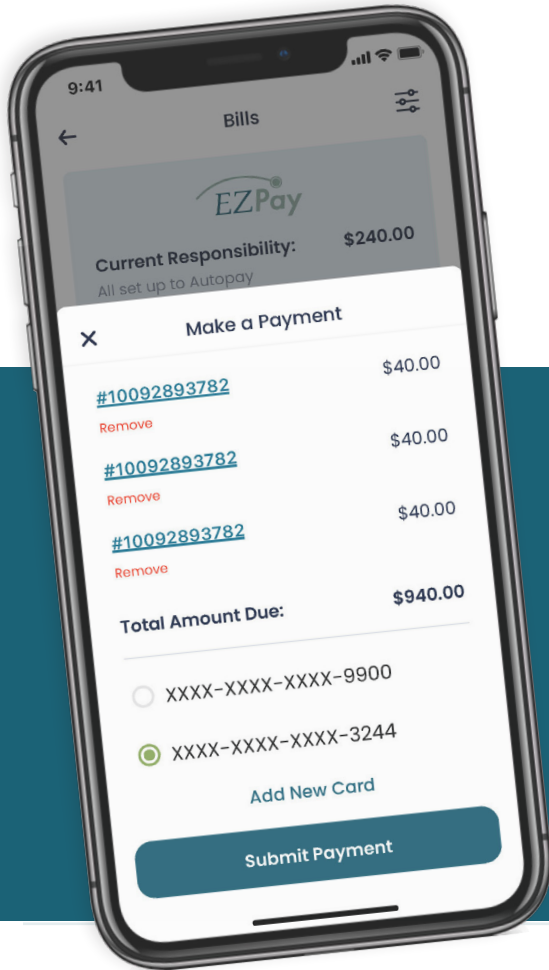

You are eligible for a Health Savings Account if are enrolled in HSA or High Value / Elite Network Plan.

2022 Maximum Annual Contribution Amounts*

Employee Only: \$3,650
Family Coverage: \$7,300

**Individuals age 55 or older are eligible to contribute an additional \$1,000 per year.*

Add your HSA to EZPay!

Add your Health Savings Account (HSA) to your EZPay account within myHealthEZ to quickly pay your portion of medical bills. Setup payment priority with up to 5 credit and debit cards, and HSA accounts.

EZpay will combine your payment with payment from your health insurance so that we pay your healthcare provider in full.
