Your medical network is America's PPO if you live in MN America's PPO and you are on the HSA or Copay Plan.

Your medical network is America's PPO Elite Network if you are on the High Value Plan.

Your medical network is Aetna if you live outside of MN \*\* \*\* aetna\*\* and you are on the HSA or Copay Plan.

#### What is a medical network?

Your medical network is a group of healthcare providers. It includes doctors, specialists, hospitals, surgical centers and other facilities. These healthcare providers offer services at a lower rate than out-of-network providers, which you will see reflected on your statements as a discount.

#### What is a travel network?

If you are on vacation or traveling for work, the travel network is used for medical care that is needed while you are outside of your home state. Your plan's in-network benefits will apply if you visit a health care provider that is included in the travel network.

#### What if I go outside of my medical network?

There may be times when you decide to visit a doctor or clinic that is out-of-network. The costs for these visits and services are often higher than seeing doctors that are in-network. You will be responsible for paying the difference between the provider's full charge and the amount your health insurance plan pays. This is called balance billing.

#### How do I know if my provider is in-network?

Please visit your dedicated Benefits Website and click "Find Care."

## Your Pharmacy Benefit Manager is CVS Caremark.

#### What is a Pharmacy Benefit Manager?

Pharmacy Benefit Managers (PBMs) reduce prescription drug costs and improve convenience and safety for consumers. Your PBM administers your prescription drug plan and offers a network of pharmacies that offer more affordable medications.

#### What is Mail Order?

If you take maintenance medications for long-term conditions like arthritis, asthma, diabetes, high blood pressure or high cholesterol you could save money with CVS Caremark's mail service pharmacy. Visit your dedicated Benefits website for more information on how to get started and to download the CVS Caremark mail service forms.

#### What is Step Therapy and Prior Authorization?

Step Therapy is a program that requires members to initially try preferred, medically proven and less expensive prescription drugs before "stepping up" to more expensive drugs.

Prior Authorizations promote the use of safe, effective and reasonably-priced drug therapy. Your healthcare provider is required to provide medical information to determine coverage.

For questions on Step Therapy or your Prior Authorization, contact CVS Caremark at 866-818-6911.

#### What are Generic drugs?

Generic drugs are copies of brand-name drugs and are the same as those brand-name drugs in dosage form, safety, strength, route of administration, quality, performance characteristics and intended use. Although generic drugs are chemically identical to their branded counterparts, they are typically sold at substantial discounts from the branded price. To find out if there is a generic equivalent for your brand-name drug, talk to your doctor or visit <u>Caremark.com</u>.
